PRESIDENT: Would the committee please escort the Governor from the Chamber. Thank you Governor Exon. The Legislature will please be in order. I'm going to request that any interviews, the senators please stay out under the balcony or preferably someplace else because we want to continue with the legislative work. Do you have anything to read into the record right now, Mr. Clerk?

Mr. President, a report from the Rules Committee will be inserted in the Journal, and also an amendment offered by Senator Mills. Mr. President, there is a motion to introduce a bill offered by Senator George, who, I understand, has the Committee statement passed out. The motion is for the introduction of the request 758 by the Urban Affairs Committee relating to cities of the second class and villages to provide an exception to the requirement that electors approve the purchase or construction of certain buildings.

PRESIDENT: Senator George.

SENATOR GEORGE: Mr. President, this request came from the League of Municipalities. It is a bill that we request to be introduced by the Urban Affairs Committee. A statement of intent is on your desks. I move the introduction of this bill.

PRESIDENT: Any discussion? The question is shall this request be granted and the bill be introduced. Record your vote. Please vote. Have you voted? Record.

CLERK: 15 ayes, 0 nays.

PRESIDENT: The request is denied. General File. LB 220. Senator Schmit.

CLERK: Read title to LB 220. The bill has previously been considered. The committee amendments have been adopted. There is a motion pending by Senator Dworak that the bill be bracketed until March 10th. This motion was first offered on February 8th, and then no action was taken.

PRESIDENT: Well then a point of order was raised and I sustained the point of order. I understand an "A" bill has now been introduced. So it would be my position that the deficiency has been taken care of. Would you still like to have your motion to bracket, Senator Dworak? Alright. Chair recognizes Senator Dworak.
